WHO WE ARE

What is Global Data Cloud With our vast and rich experience in the field of blockchain and digital currency, we have designed a very unique and innovative program for our community to achieve greater success and prosperity. Global Data Cloud allows you to earn profits through a staking program. The limited supply of Global Data Cloud is mined through a proof of stake mechanism, where you can start by purchasing Global Data Cloud and then stake your holdings to earn weekly staking profit.

The Global Data Cloud created to encourage the buying and selling of NFTs is referred to its Global Data Cloud NFT Minting Platform. Users looking solely to trade in NFT can do so even without comprehensive knowledge about Bitcoin technology and the coding of smart contracts.
